How *Choices* Works

This workbook is your guide to **Choices** – Montana University System’s employee benefits program that lets you match your benefits to your individual and family situation. To get the most out of this opportunity to design your own benefits package, you need to consider your benefit needs, compare them to the options available under **Choices** and enroll for the benefits you’ve chosen. Please read the information in this workbook carefully. If you have any questions, contact your campus Human Resources Department (inside cover). This enrollment workbook is not a guarantee of benefits. Consult your enrollment workbook or Summary Plan Description (see page 35 for availability).

1. Who’s Eligible

A person employed by a unit of the Montana University System, Office of the Commissioner of Higher Education, or other agency or organization affiliated with the Montana University System or the Board of Regents of Higher Education is eligible to enroll in the Employee Benefits Plan if qualified under one of the following categories:

1. Permanent faculty or professional staff members regularly scheduled to work at least 20 hours per week or 40 hours over two weeks for a continuous period of more than six months in a 12-month period.
 2. Temporary faculty or professional staff members scheduled to work at least 20 hours per week or 40 hours over two weeks for a continuous period of more than six months in a 12-month period, or who actually do so regardless of schedule.
 3. Seasonal faculty or professional staff members regularly scheduled to work at least 20 hours per week or 40 hours over two weeks for a continuous period of more than six months in a 12-month period, or who actually do so regardless of schedule.
 4. Academic or professional employees with an individual contract under the authority of the Board of Regents which provides for eligibility under one of the above requirements.
- Note:** Student employees who occupy positions designated as student positions by a campus are not eligible to join the MUS Employee Benefit Plan.

Enrolling family members

Enrollment for FY2019 is Closed Enrollment for spouses unless there is a qualifying event (see page 3 for qualifying events). Eligible children under the age of 26 may be added during this enrollment period. See next page for definition of terms.

If you’re a **new employee**, you may enroll your family for benefits under **Choices**, including Medical, Dental, Vision Hardware, life insurance and AD&D coverage.

Continued on next page

Eligible family members include your:

- **Legal spouse:** legally married or certified common-law married spouses, as defined under Montana law, will be eligible for enrollment as a dependent on the MUS Plan. Only legally married or common-law spouses with a certified affidavit of common-law marriage will be eligible for enrollment on the Plan during the employees initial enrollment period or within 63 days of a qualifying event.
- **Eligible dependent children under age 26*:** Children include your natural children, stepchildren, and children placed in your home for adoption before age 18 or for whom you have court-ordered custody or legal guardianship.

*Coverage may continue past age 26 for an eligible unmarried dependent child who is mentally or physically disabled and incapable of self-support and is currently on the MUS Plan. Eligibility is subject to review each plan year.

2. Waive Coverage

.....

You can waive coverage: You have the option to waive coverage with the Montana University System Employee Benefits Plan. In order to waive coverage, you must sign a hard-copy enrollment form stating you are waiving coverage and submit the form to your campus Human Resources Department by your enrollment deadline. If you do not sign and submit an enrollment form confirming your intention to waive coverage, certain coverages will continue (existing employees) or default (new employees) as outlined below. **Please note there is no continuing or default coverage for Flexible Spending Accounts (FSAs) as these accounts must be actively elected each plan year.**

If you waive coverage, all of the following apply:

- You waive coverage for yourself and for all eligible dependents.
- You waive all mandatory and optional **Choices** coverage, including Medical, Dental, Life, Accidental Death and Dismemberment (AD&D), and Long Term Disability (LTD).
- You forfeit the monthly employer contribution toward benefits coverage.
- You and your eligible children cannot re-enroll unless and until you have a qualifying event or until the next annual enrollment period.
- Your spouse cannot re-enroll unless and until they have a qualifying event.

3. How to Enroll

.....

1. Each eligible employee receives a monthly employer contribution to use toward payment of **Choices** coverage. This amount is based on the Montana Legislature’s funding allocation toward the cost of benefits for State employees.
2. Within 30 days of first becoming eligible for benefits, or during annual enrollment each year, you select or make changes from among the benefit plan options. **Note: Must enroll within 30 days of hire or 63 days of a qualifying event (see page 3 for qualifying events).**

How to Enroll Cont.

3. Each benefit option in **Choices** has a monthly cost associated with it. These costs are shown on your enrollment form and in this workbook.

Mandatory (must choose):

Medical pg 4
Prescription Drug (included in Medical) pg 13
Dental pg 15
Basic Life Insurance and AD&D pg 22
Long Term Disability pg 23

Optional (voluntary):

Vision Hardware pg 21
Flexible Spending Acct. pg 27
Supplemental Life Insurance pg 29
Dependent Life Insurance pg 30
Supplemental AD&D Insurance pg 31
Long Term Care pg 32

4. The enrollment form will walk you through your coverage options and monthly costs. To determine the before-tax cost of your benefits, add up the total cost of the benefits you've selected and compare it to the employer contribution provided to you by the Montana University System.

If the benefits you choose cost . . .

- The same or less than your employer contribution, you won't see any change in your paycheck.
- More than your employer contribution, you'll pay the difference through automatic payroll deductions.

Your annual **Choices** elections remain in effect for the entire plan benefit period following enrollment, unless you have a change in status (qualifying event).

Qualifying Events

- Marriage
- Birth of a child
- Adoption of a child
- **Loss of eligibility** for other health insurance coverage - *voluntarily canceling other health insurance does not constitute loss of eligibility*

Documentation to support the change will be required.

Other life events may allow limited benefit changes. All questions about the enrollment process or qualifying events should be directed to your campus Human Resources/Benefits Office (see contacts inside cover).

Medical (*must choose*) Choices

Choices gives you the opportunity to choose from three medical plan choices. The next two pages will help explain the medical plans and the corresponding monthly medical rates for each plan.

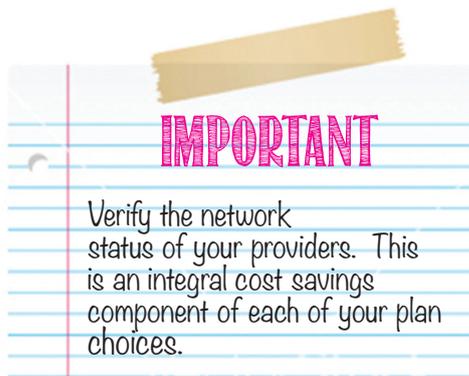

Medical Plan Choices

Allegiance, Blue Cross Blue Shield, and PacificSource are the medical plan choices. The plans provide the same benefits but have differences in provider networks. To see if your provider is an In-Network provider, check the medical plan claims administrator's website. (See back cover for website addresses).

How The Plan Works

Plan members receive medical services from a health care provider. If the provider is **In-Network**, the provider will submit a claim for the member. The medical plan claim's administrator processes the claim and sends an Explanation of Benefits (EOB) to the member, showing the member's payment responsibilities (deductible, copayments, and/or coinsurance costs) to the provider. The Plan then pays the remaining allowed amount. The provider will not bill the member the difference between the charge and the allowed amount.

If the provider is **Out-of-Network**, the member must verify if the provider will submit the claim or if the member must submit the claim. The medical plan claim's administrator processes the claim and sends an EOB to the member showing the member's payment responsibilities (deductible, coinsurance, and any difference between the charge and the allowed amount (balance billing)).

Definition of Terms

In-Network Providers – Providers who have contracted with the medical plan claim's administrators to manage and deliver care at agreed upon prices. Members may self-refer to In-Network providers and specialists. There is a cost savings for services received **In-Network**. You pay a \$25 copayment for Primary Care Physician (PCP) visits and a \$40 copayment for specialty provider visits to In-Network providers (no deductible) and 25% coinsurance (after deductible) for most In-Network hospital/facility services.

Out-of-Network Providers – You pay 35% of the allowed amount (after a separate deductible) for services received Out-of-Network. **Out-of-Network providers can also balance bill you for any difference between their charge and the allowed amount.**

Emergency Services are covered everywhere. However, Out-of-Network providers may balance bill the difference between the allowed amount and the charge.

Deductible – The amount you pay each benefit year before the Plan begins to pay.

Copayment - A fixed dollar amount you pay for a covered service that a member is responsible for paying. The medical plan pays the remaining allowed amount.

Coinsurance – A percentage of the allowed amount for covered charges you pay, after paying any applicable deductible.

Out-of-Pocket Maximum - The maximum amount of money you pay toward the cost of covered health care services. Out-of-Pocket expenses include deductibles, copayments, and coinsurance.

The Plan allows \$100 for the office visit and \$400 for the labwork. Jack pays \$25 for the office visit and \$400 for the labwork. The Plan pays \$75 for the office visit and \$0 for the labwork. The In-Network provider writes off \$500.

Preventive Services

.....

1. What Services are Preventive

All MUS health plan options provide preventive care coverage that complies with the federal health care reform law, the Patient Protection and Affordable Care Act (PPACA). Services designated as preventive care include:

- periodic wellness visits,
- certain designated screenings for symptom free or disease-free individuals, and
- designated routine immunizations.

When preventive care is provided by **In-Network providers**, services are reimbursed at 100% of the allowed amount, without application of deductible, coinsurance, or copay. Services from an Out-of-Network provider have a 35% coinsurance and a separate deductible and out-of-pocket maximum. An Out-of-Network provider can balance bill the difference between the allowed amount and the charge.

The PPACA has used specific resources to identify the preventive services that require coverage: U.S. Preventive Services Task Force (USPSTF) A and B recommendations and the Advisory Committee on Immunization Practices (ACIP) recommendations adopted by the Center for Disease Control (CDC). Guidelines for preventive care for infants, children, and adolescents, supported by the Health Resources and Services Administration (HRSA), come from two sources: Bright Futures Recommendations for Pediatric Health Care and the Uniform Panel of the Secretary’s Advisory Committee on Heritable Disorders in Newborns and Children.

Bright Futures: www.brightfutures.org

2. Important Tips

.....

1. Accurate coding for preventive services by your health care provider is the key to accurate reimbursement by your health care plan. All standard correct coding practices should be observed.

2. Also of importance is the **difference** between a “screening” test and a diagnostic, monitoring or surveillance test. A “screening” test done on an asymptomatic person **is** a preventive service, and is considered preventive even if the test results are positive for disease, but future tests would be diagnostic, for monitoring the disease or the

risk factors for the disease. A test done because symptoms of disease are present **is not** a preventive screening and is considered diagnostic.

3. Ancillary services directly associated with a “screening” colonoscopy are also considered preventive services. Therefore, the procedure evaluation office visit with the doctor performing the colonoscopy, the ambulatory facility fee, anesthesiology (if necessary), and pathology will be reimbursed as preventive, provided they are submitted with accurate preventive coding.

See next page for listing of covered Preventive Services.

Delta Dental Fee examples

How to select a Delta Dental Dentist that will best suit your needs and your pocket book! Understand the difference between a PPO and Premier Dentist.

Finding a Delta Dental Dentist:

The MUS dental plan utilizes a fee schedule so you know in advance exactly how much the plan will pay for each covered service. It is important to understand that a dentist's charges may be greater than the plan benefit, resulting in balance billing to you. While you have the freedom of choice to visit any licensed dentist under the plan, you may want to consider visiting a Delta Dental dentist to reduce your Out-of-Pocket costs.

When a dentist contracts with Delta Dental, they agree to accept Delta Dental's allowed fee as full payment. This allowed fee may be greater than the MUS plan benefit in which case, the dentist may balance bill you up to the difference between the allowed fee and the MUS benefit amount.

Montana University System plan members will usually save when they visit a Delta Dental dentist. Delta Dental Preferred Provider Organization (PPO) dentists agree to lower levels of allowed fees and therefore offer the most savings. Delta Dental Premier dentists also agree to a set level of allowed fees, but not as low as with a PPO dentist. Therefore, when visiting a Premier dentist, MUS members usually see some savings, just not as much as with a PPO dentist. The best way to understand the difference in fees is to view the examples below. Then go to: www.deltadentalins.com/MUS and use the *Find a Dentist* search to help you select a dentist that is best for you!

The following claim examples for an adult cleaning demonstrate how lower out-of-pocket patient costs can be achieved when you visit a Delta Dental dentist (**Basic** and **Select** Plan coverage). The examples compare the patient's share of costs at each network level below:

| Adult Cleaning | PPO Dentist | Premier Dentist | Out-of-Network Dentist |
|--|-------------|-----------------|------------------------------------|
| What the dentist bills | \$87 | \$87 | \$87 |
| Dentists allowed fee with Delta Dental | \$57 | \$71 | No fee agreement with Delta Dental |
| MUS Plan benefit allowed amount | \$83 | \$83 | \$83 |
| What you pay | \$0 | \$0 | \$4 |

The following claim examples for a crown demonstrate how lower out-of-pocket patient costs can be achieved when you visit a Delta Dental dentist (**Basic** and **Select** Plan coverage). The examples compare the patient's share of costs at each network level below:

| Crown | PPO Dentist | Premier Dentist | Out-of-Network Dentist |
|--|-------------|-----------------|------------------------------------|
| What the dentist bills | \$1,000 | \$1,000 | \$1,000 |
| Dentists allowed fee with Delta Dental | \$694 | \$822 | No fee agreement with Delta Dental |
| MUS Plan benefit allowed amount | \$423 | \$423 | \$423 |
| What you pay | \$271 | \$399 | \$577 |

Dental Fee Schedule

Dental claims are reimbursed based on a fee schedule. The following subsets of the **Select** and **Basic Plan** fee schedules include the most commonly used procedure codes. Please note the **Basic Plan** provides coverage for a limited range of services including diagnostic and preventive treatment.

The fee schedule's dollar amount is the maximum reimbursement for the specified procedure code. Covered individuals are responsible for the difference (if any) between the provider's charge and the fee schedule's reimbursement amount. Blue shaded codes are for the **Basic Plan ONLY**. All Codes (shaded and non-shaded) are for the **Select Plan**.

The CDT codes and nomenclature are copyright of the American Dental Association. The procedures described and maximum allowances indicated on this table are subject to the terms of the MUS-Delta Dental contract and Delta Dental processing policies. These allowances may be further reduced due to maximums, limitations, and exclusions. Please refer to the SPD for complete listing (see pg 35 for availability).

The three LTD options differ in terms of the amount of your pay they replace, when benefits become payable, and premium costs. Employees may increase coverage during annual enrollment. However, the increase in coverage will be subject to a pre-existing condition exclusion for disabilities occurring during the first 12 months that the increase in insurance is effective. Any coverage existing for at least 12 months prior to the increase will not be subject to the pre-existing condition exclusion.

Employees on a leave status may not be eligible for long term disability coverage. Please consult with your campus Human Resources/Benefits Office.

Who May Enroll:

Employee Only

Amount of Benefit:

Option 1: 60% of pre-disability earnings, to a maximum benefit of \$9,200 per month. The minimum monthly benefit is the greater of \$100 or 10% of your LTD benefit before reduction by deductible income.

Option 2: 66-2/3% of pre-disability earnings, to a maximum benefit of \$9,200 per month. The minimum monthly benefit is \$100 or 10% of your LTD benefit before reduction by deductible income.

Option 3: 66-2/3% of pre-disability earnings, to a maximum benefit of \$9,200 per month. The minimum monthly benefit is \$100 or 10% of your LTD benefit before reduction by deductible income.

Do you have other Disability Income?

The level of LTD coverage you select ensures that you will continue to receive a percentage of your base pay each month if you become totally disabled.

Some of the money you receive may come from other sources, such as Social Security, Workers' Compensation, or other group disability benefits. Your **Choices** LTD benefit will be offset by any amounts you receive from these sources. The total combined income will equal the benefit level you selected.

This is a brief summary provided to help you understand your coverage. Please review the group insurance certificate containing a detailed description of the insurance coverage including the definitions, exclusions, limitations, reductions and terminating events. This information can be found on the **Choices** website: www.choices.mus.edu.

Flexible Spending Account (voluntary)

Flexible spending account administrative and debit card fees will be paid by MUS

Administered by Allegiance Benefit Plan Management, Inc.

1-877-778-8600 - www.askallegiance.com

| Account Types | Annual Amount | Qualifying Expense Examples |
|--|--|---|
| Medical FSAs | Minimum Contributions: \$120 Maximum Contributions: \$2,650 | Medical expenses including deductibles, Coinsurance, copays, and expenses. All dental and vision expenses that are not considered cosmetic. |
| Dependent Care FSAs | Minimum Contribution: \$120 Maximum Contribution: \$5,000 | Costs for care provided to your child(ren) under age 13, or other dependents unable to care for themselves, and necessary for you to remain gainfully employed. |
| Adoption Assistance (Maximum listed is a lifetime maximum) | Minimum Contribution: \$120 Maximum Contribution: \$13,570 | Adoption fees, court costs, attorney fees, medical examination costs, and related travel expenses. |

Health Flex Spending Account (FSA)

During the annual enrollment period, you may elect amounts to be withheld from your earnings to pay for your out-of-pocket medical expenses. Eligible health FSA expenses include those defined by IRS Code, Section 213(d). For a list of examples, go to www.askallegiance.com

The amount you elect to set aside for Health FSA expenses is not subject to federal income, state income, or Social Security/Medicare taxes.

Your health FSA election will reimburse you for eligible expenses that you, your spouse, and your qualified dependents incur during the plan year. The entire annual amount you elect can be used at any time during the plan year.

You can request reimbursement on a mobile device, by toll-free fax, or through the mail. If the expense may be covered through your health plan coverage, please provide the Explanation of Benefits (EOB) as documentation. If your health

plan coverage will not consider the expense, an itemized statement from the provider will satisfy documentation requirements.

Some expenses are considered to be “dual purpose.” These expenses are for items or services that are sometimes for purposes other than to treat a medical condition. In order to be reimbursed for a “dual purpose” expense, or over the counter drugs and medicines, a diagnosis and recommendation for treatment from a medical professional is required.

If you or your spouse contribute to a Health Savings Account (HSA), you are not eligible to participate in a general purpose health FSA.

You can access a tax savings calculator for accurate savings estimates under Tax Calculators on the Allegiance Flex Advantage website at www.askallegiance.com.

\$500 Rollover from one plan year to the next.

When you enroll in the flexible spending account, you are electing

to participate for the entire plan year. No changes to your election may be made during the plan year unless you experience a “qualifying event.” Changes must be consistent with the change in status or qualifying event.

Be sure not to elect more than you will need to cover expenses incurred by you and/or your family members during the plan year. Under the “use-or-lose” rule, any money not used by the end of the plan year cannot be returned to you. However, the IRS permits modification of the “use-or-lose” rules for health flexible spending accounts to allow \$500 to rollover from one plan year to the next. This means that up to \$500 from last year’s plan election can be rolled over to the new plan year that begins July 1, 2018. The \$500 rollover feature does not apply to dependent care flexible spending accounts. **NOTE:** If an employee doesn’t enroll in an FSA for FY2019 and has unused FSA funds in the amount of \$50 or less that are not expended by September 30, 2018 for services during FY2018, the FSA will be closed and the remaining unused funds will be forfeited.

Important:

You must re-enroll each year to participate in a Flexible Spending Account (no automatic enrollment).
All claims must be received by Allegiance by September 30, 2019 to be eligible for reimbursement.
No exceptions can be made on late enrollment or late submissions.

Dependent Care

If both you and your spouse work or you are a single parent, you may have dependent care expenses. The Federal Child Care Tax Credit is available to taxpayers to help offset dependent care expenses. A dependent care FSA often gives employees a better tax benefit. You can complete a worksheet that compares the Federal Child Care Tax Credit to the dependent care FSA by clicking on Tax Calculators on the Allegiance Flex Advantage website.

Your dependent care FSA lets you use “before-tax” dollars to pay care expenses for children under age 13, or individuals unable to care for themselves. A dependent receiving care must live in your home at least eight (8) hours per day. The care must be necessary for you and your spouse to remain gainfully employed. Care may be provided through live-in care, baby sitters, and licensed day care centers. You cannot use “before-tax” dollars to pay your spouse or one of your children under the age of nineteen (19) for providing care. Schooling expenses at the kindergarten level and above are not reimbursable. Neither overnight camp nor nursing home care is reimbursable.

Unlike health FSAs, dependent care FSAs may only reimburse expenses up to the amount you have contributed at any time during the year.

Mid-Year Election Changes

Mid-year election changes must be made within 63 days of a qualifying event. Changes are limited and differ for each pre-tax option. Changes must be consistent with the change in status or qualifying event.

For more information about mid-year election changes, please contact your campus Human Resources Department or Allegiance.

Reimbursement

You may mail, fax toll-free, or scan and send claims electronically at www.askallegiance.com or via your mobile device.

Claims are normally processed within five business days of receipt. You usually have a check in your mailbox within a week after Allegiance receives your claim.

Direct Deposit: Send in the Direct Deposit form with a voided check, or sign up online at www.askallegiance.com and Allegiance will electronically deposit reimbursements directly into your checking account.

Debit Card: MUS offers debit cards as part of the FSA, at no cost to you. Two cards are issued per family and additional cards are available when requested. You may use the debit card to pay for medical care expenses. Documentation for the expense may be required, and should be saved for all debit card transactions.

Claims for eligible expenses that were incurred during the plan year (July 1, 2018 - June 30, 2019) must be received by Allegiance by September 30, 2019, to be eligible for reimbursement. If you terminate employment during the plan year, your participation in the plan ends, subject to COBRA limitations. However, you still may submit claims through September 30, 2019, if the claims were incurred during your period of employment, and during the plan year.

If an employee has both a medical FSA and a TAA, the two accounts will be coordinated by the plan administrator to ensure that FSA funds are expended prior to TAA funds.

IMPORTANT TAA NOTE: Any TAA balance not expended by June 30, 2019, will be forfeited since MUS is no longer contributing to the TAA.

Customer Service Representatives are available to answer questions each business day between 7:00 a.m. and 6:00 p.m. MST. After hours and on weekends, you can access your account information online or through the toll-free automated voice-response system.

Unexpected events, such as accidents or illness, can catch us off guard at any age, any time. This can often lead to financial and emotional hardship. Many believe that our health plan covers long term care situations when, in most cases, it does not. We may be left thinking we should have planned better. **The Long Term Care (LTC) plan is designed to pick up where our health plan leaves off.** You may never need long term care. However, this year about nine million men and women will need long term care. By 2020, 12 million Americans will need long term care. Most will be cared for at home. A study by the US Department of Health and Human Services indicates that people who reach age 65 have a 40 percent chance of entering a nursing home.

About 10 percent of the people who enter a nursing home stay there five years or longer. The Montana University System offers the opportunity to purchase Long Term Care Insurance from Unum Life Insurance Company of America, a subsidiary of Unum Provident.

New employees can enroll in LTC within 30 days of employment without demonstrating evidence of insurability. Continuing employees, spouses, retirees, and grandparents can enroll in our group LTC insurance with medical underwriting at any time.

Who is Eligible

Employees, retirees, spouses, parents, and parents-in-law are eligible for the Long Term Care Insurance Plan. This plan may be elected, changed, or dropped at anytime.

Enrollment

If you would like to sign up for the Long Term Care Plan, contact your campus Human Resources/ Benefits Office.

Additional Benefits

Dependent Hardship Waiver

The MUS Benefit Plan offers a Dependent Premium Hardship Waiver to allow health care coverage for children. The family must first apply for Healthy Montana Kids (HMK) coverage for all children under the age of 19. If HMK denies coverage and the family has a financial hardship, an application may be submitted to MUS Benefits requesting the Dependent Premium Hardship Waiver. If the total household income is not more than 115% of the HMK guidelines, the dependent children will be eligible for the waiver for the Plan year. The family must re-apply for HMK and the Dependent Premium Hardship Waiver each Plan year in order to be eligible for the waiver. For more information, please contact your campus Human Resources/Benefits office or call MUS Benefits at 1-877-501-1722 or 406-449-9162.

★ Self Audit Award Program

Be sure to check all bills and EOBs from your medical providers to make sure that charges have not been duplicated or billed for services you did not receive. **When you detect billing errors that result in a claims adjustment, the MUS Plan will share the savings with you!** You may receive an award of 50 percent of the savings, up to a maximum of \$1,000.

The Self Audit Award Program is available to all plan members who identify medical billing errors which:

- Have not already been detected by the medical plan's claims administrator or reported by the provider;
- Involve charges which are allowable and covered by the MUS Plan, and
- Total \$50 or more in errant charges.

To receive the Self Audit Award, the member must:

- Notify the medical plan claims administrator of the error before it is detected by the administrator or the health care provider,
- Contact the provider to verify the error and work out the correct billing, and
- Have copies of the correct billing sent to the medical plan claims administrator for verification, claims adjustment and calculation of the Self Audit Award.

Glossary

Allowed Amount

A set dollar allowance for procedures/services that are covered by the Plan.

Balance Billing

When a provider bills the member for the balance remaining on the bill that your Plan doesn't cover. This amount is the difference between the actual billed amount and the allowed amount (services provided by an Out-of-Network provider) or the billed amount for a non-covered service.

Benefit Plan Year

The period starting July 1 and ending June 30.

Certification/Pre-Certification

A determination by the appropriate medical plan claims administrator that a specific service - such as an inpatient hospital stay - is medically necessary. Pre-Certification is done in advance of a non-emergency admission by contacting the medical plan claims administrator.

Coinsurance

A percentage of the allowed amount for covered health care services that a member is responsible for paying, after paying any applicable deductible. For example, if Jack has met his deductible for In-Network medical costs (\$750), he pays 25% of the allowed amount up to the Out-of-Pocket Maximum and the Plan pays 75%.

Copayment

A fixed dollar amount the member pays for a covered health care service, usually at the time the member receives the service. The medical plan pays the remaining allowed amount.

Covered Charges

Charges for medical services that are determined to be medically necessary and are eligible for payment under a medical plan.

Deductible

A set dollar amount that a member must pay for covered health care services before the medical plan pays. The deductible applies to the plan year (July 1 through June 30). For example, Jack's deductible is \$750. Jack pays 100% of the allowed amount until his deductible has been met.

Emergency Services

Evaluation and treatment of an emergency medical condition (illness, injury, or serious condition). Emergency Services are covered everywhere; however, Out-of-Network providers may balance bill the difference between the allowed amount and the charge.

Fee Schedule

A fee schedule is a complete listing of fees used by the Plan to reimburse providers and suppliers for providing selected health care services. The comprehensive listing of fee maximums is used to reimburse a provider on a fee-for-service or flat-fee basis.

In-Network Provider

A provider who has a participating contract with the medical plan claims administrators to provide health care services for Plan members and to accept the allowed amount as payment in full. Also called “preferred provider” or “participating provider”. Members will pay less out of pocket expenses if they see an In-Network provider.

Out-of-Network Provider

Any provider who provides services to a member but does not have a participating contract with the medical plan claims administrators. Also called “non-preferred provider” or non-participating provider”. Members will pay more out of pocket expenses if they see an Out-of-Network provider.

Out-of-Pocket Maximum

The maximum amount of money a member pays toward the cost of covered health care services. Out-of-pocket expenses include deductibles, copayments, and coinsurance. For example, Jack reaches his \$4,000 Out-of-Pocket Maximum. Jack has seen his doctor often and paid \$4,000 total (deductible + coinsurance + copays). The Plan pays 100% of the allowed amount for covered charges for the remainder of the plan year. Balance billing amounts (the difference between Out-of-Network provider charges and the allowed amount) do not apply to the Out-of-Pocket Maximum.

Plan

Healthcare benefits coverage offered to members through the employer to assist with the cost of covered health care services.

Preventive Services

Routine health care, including screenings and exams, to prevent or discover illnesses, disease, or other health problems.

Prior Authorization

A process that determines whether a proposed service, medication, supply, or ongoing treatment is considered medically necessary as a covered service.

PPACA

The Patient Protection and Affordable Care Act (PPACA) – also known as the Affordable Care Act or ACA – is the landmark health reform legislation passed by the 111th Congress and signed into law by President Barack Obama in March 2010. The legislation includes a long list of health-related provisions that began taking effect in 2010 and will continue to be rolled out through 2018.

Primary Care Physician

A physician (M.D. – Medical Doctor or D.O. – Doctor of Osteopathic Medicine, nurse practitioner, clinical nurse specialist or physician assistant) who directly provides or coordinates a range of health care services for or helps access health care services for a patient.

Screening

A type of preventive service that includes tests or exams to detect the presence of something, usually performed when you have no symptoms, signs, or prevailing medical history of a disease or condition.

Specialist

A physician specialist who focuses on a specific area of medicine to diagnose, manage, prevent or treat certain types of symptoms and conditions.
